About Hamirpur

The history of Hamirpur is closely associated with the Katoch dynasty which ruled the area between the Ravi and Satluj rivers in the olden days. The Katoch dynasty became predominant during the period of Hamir Chand who ruled from 1700 A.D. to 1740 A.D. It was this ruler who built the fort at Hamirpur and the present town of Hamirpur derives its name from this ruler. Hamirpur District is situated in the hills of Shivalik mountains. The elevation varies from 400 meters to 1100 meters having the configuration ranging from the almost flat-lands that border the portion of rivers Beas to the lofty heights of cliffs and precipitous slopes of hill-ranges. It is situated at lower elevation and comparatively warmer but has some hilly ranges covered with Pine forests. This district was made in 1972 by carving it out from the Kangra district. It is well connected by roads from all sides. At present the known tourist attractions are Deot-Sidh, Temples of Sujampur Tira and Nadaun.

About NIT Hamirpur

National Institute of Technology Hamirpur is one of the twenty NITs of the country, established in 1986 as Regional Engineering College, as a joint and cooperative enterprise of the Govt. of India and Govt. of Himachal Pradesh. The goals of the institute as embodied in the logo are truly remarkable in their scope of vision. The college provide Undergraduate, Postgraduate and Doctorate Education in Engineering, Sciences & Humanities; fostering the spirit of national integration among the students, a close interaction with industry and a strong emphasis on research, both basic and applied. It has been given the status of Deemed University.
